SPRING

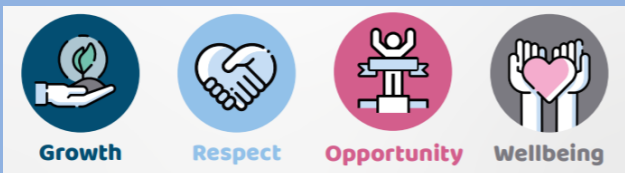

Head Teachers Summary

What a strange start to the Spring Term for us all! We never thought that we would be continuing to deliver remote/blended learning to our children at home. Most parents have suddenly found new roles as class teachers, which I know is hard work- my 6-year-old told me that I 'didn't know what I was doing' when I tried to teach him subtraction! It has been tricky but you should all be proud of how you have supported your children with their learning. Thank you and well done! As we move forward, we are still uncertain as to what the rest of the school year will look like. As always, we will keep you informed but please contact school for any support in the meantime:
01924495790/ support@oldbankschool.co.uk
Enjoy half term and we look forward to seeing you all when things return to 'normal'. Mrs Wood

We can't wait to add more work to our wall!

Main Story

Growth- lots of children, parents and staff members have grown in resilience and skills. Children have learnt how to access learning online & this has meant that their learning has continued at home. Well done!
Respect- we want to thank you all for respecting the duty schools have to provide remote/blended learning for pupils & for working to support our children.
Opportunity- whilst opportunities have been limited we have still ensured that children have had access to an engaging online curriculum, including stories, songs, etc.
Wellbeing - on Friday 12th February we will celebrate Screen Free Friday- a day for all children to exercise and look after their physical and mental wellbeing.

Our Wonderful Work

Look at this fantastic project work from our Year 5 pupil!
Our EYFS construction work is amazing!
